

Firming

Cryolift Therapy

Body treatment that combats skin flaccidity and enhance the elasticity of the epidermis.

Professional cosmetic body treatment that strengthens the elasticity of the epidermis and improves its appearance. It combines cryotherapy with cocktails of tightening and regenerative ingredients.

Main action

Firming, skin texture smoothing, toning.

Secondary action

Rejuvenating, hydrating.

Body concerns

Loss of skin elasticity, edematous cellulite, fluid retention.

Contraindications

No records.

Key ingredients

Lipocare, Remoduline, Ecoslim, Argisil C, A2 Blockers, Menthol, Algin, Isoslim Complex, Hydroxyprolisilane, Algisium C, Seaweed Gel.

Suggested applications: 6-12 sessions based on the skin condition. This protocol can be applied once to enhance the tone of the epidermis.

Session duration: 45 minutes

Repeatability: 2 times a week

Maintenance: 2 times a month

Firming Cryolift Therapy

Step 1: Detoxifying Peeling

At this stage we combine the action of removing dead skin cells with a strong keratolytic and detoxifying action.

Detoxifying Peeling Gel (12ml)

Apply 12ml Detoxifying Peeling Gel on the area to be treated and massage gently until absorbed. Do not rinse.

(Duration: 5 minutes)

Step 2: Triple Action Shape

This stage aims to the triple action of combating cellulite, topical fat and loss of elasticity.

Triple Action Shape Gel (10ml)

Apply 10ml Triple Action Shape Gel on the epidermis and massage until it is absorbed.

(Duration: 10 minutes)

Step 3: Cryolift

This stage aims to intensely tighten and improve the uniformity of the skin with cryotherapy.

Cryolift Gel (10ml)

Apply 10ml Cryolift Gel along the legs starting with gentle lymphatic massage movements from the ankles to the thigh muscles until it is absorbed.

(Duration: 5 minutes)

Firming Cryolift Therapy

Step 4: Hydra Firming

At this stage we aim to enhance the elasticity of the skin and to hydrate it by using cryotherapy, in synergy with brown algae.

Firming Latex Body Mask (150g)

Mix 150g (300ml) Firming Latex Body Mask with 300ml water until a uniform paste is formed. Apply the paste in a thick layer with quick movements on the area to be treated.

Leave on for 20 minutes to dry and remove the mask in one piece (latex).

(Duration: 20 minutes)

Step 5: Stretch Firm

At this stage we aim to further enhance the skin's elasticity and hydrate it with a cocktail of firming and moisturizing ingredients.

Stretch Firm Cream (10ml)

Apply 10ml Stretch Firm Cream and massage gently until absorbed. The synergy of the ingredients Isoslim Complex, Hydroxyprolisilane and Algisium C enhance the collagen and elastin reserves of the skin, strengthens its supporting tissues, and moisturizes.

(Duration: 5 minutes)

Step 5: Home Daily Regimen

- Triple Action Shape Gel
- Stretch Firm Cream

Strongly recommend tactical use of home regimen products after and in between treatments, until all the quantity contained is used.
