

Cellulite

Celluslim Massage On

Specialized anticellulite and against topical fat body massage treatment.

Professional cosmetic specialized body massage treatment that combats cellulite, topical fat and smooths the texture of the skin. This treatment is based on the strong lipolytic action of essential oils and seaweed oil in combination with specialized hand massage techniques and the hyperemia caused in the skin.

Main action

Anti-cellulite, lipolysis.

Secondary action

Toning, wellness, smoothing of the epidermis.

Body concerns

Cellulite, topical fat.

Contraindications

In circulatory problems, phlebitis, spider veins and varicose veins, the application of Thermoslim Gel, massaging and the use of a thermal blanket are contraindicated.

Key ingredients

Methyl Nicotinate, Capsico-Tabasco Pepper, Ivy Extract, Ruscus Extract, Pro-Sveltyl, Iodotrat, Cypress Essential Oil, Lemon Essential Oil, Sage Essential Oil, Fucus Oil, Ivy Oil, Almond Oil, Dead Sea Mud, Fucus Extract.

Suggested applications: 8-12 sessions based on the skin condition. This protocol can be applied either systematically to combat cellulite or precautionary for toning action and wellness.

Session duration: 42 minutes or 62 when Celluslim Mud Mask is used.

Repeatability: 2 times a week

Maintenance: 1 time a month

Step 1: Detoxifying Peeling

At this stage we combine the action of removing dead skin cells with a strong keratolytic and detoxifying action.

Detoxifying Peeling Gel (12ml)

Apply 12ml Detoxifying Peeling Gel on the area to be treated and massage gently until it is absorbed. Do not rinse.

(Duration: 5 minutes)

Step 2: Thermoslim

This stage aims to increase the metabolic action of lipolysis by the intense hyperaemia caused in the skin (Capsico-Tabasco Pepper and Methyl Nicotinate) in synergy with the action of lipolytic active ingredients.

2a. Thermoslim Gel (12ml)

Apply 12ml Thermoslim Gel on dry, clean skin and massage until it is absorbed.

(Duration: 7 minutes)

2b. Celluslim Mud Mask (50ml) Add on therapy

At this optional stage, the lipolysis process is enhanced based on the action of seaweed extract, the uniformity and elasticity of the skin is improved in combination with the detoxifying and hydrating action of mud from the Dead Sea.

Apply 50ml Celluslim Mud Mask on the skin and wrap the body with cellophane. Optionally we can use a thermal blanket at a low temperature. Leave on for 20 minutes and rinse with water. *(Duration: 20 minutes)*

(Total duration: 7 minutes + add on therapy 20 minutes)

Step 3: Slimming Massage System

At this stage, the blood and lymphatic circulation is stimulated, the appearance of "orange peel" is improved, the uniformity and elasticity of the skin is improved, the metabolism of fat cells is increased, while wellness and toning are achieved.

3a. Slim Oil Massage (10ml)

Apply 10ml Slim Oil Massage and proceed with anticellulite massage for 20 min on the area of concern. *(Duration: 20 minutes)*

3b. Slim Massage Cream (10ml)

Apply 10ml Slimming Massage Cream on the skin and massage until it is absorbed. *(Duration: 10 minutes)*

(Total duration: 30 minutes)

Step 4: Home Daily Regimen

- Thermoslim Gel
- AHA Liposlim Cream

Strongly recommend tactical use of home regimen products after and in between treatments, until all the quantity contained is used.
