

Eye Care

Eye Shine Therapy

Targeted treatment for the eye contour that improves the skin's appearance and offers radiance with specialized ingredients and retinoids.

Professional cosmetic eye contour treatment that improves the appearance of the epidermis, reduces puffiness, dark circles and expression lines on the area around the eyes. At the same time, it moisturizes, enhances skin's elasticity and brightens its complexion. This treatment is based on the action of cosmetic products containing high concentrations of Retinoids, Eyedeline and Matrixyl.

Main action

Decongestion, brightening, anti-wrinkle.

Secondary action

Enhancement of elasticity, hydration.

Skin concerns

Fine lines, expression wrinkles, dark circles, puffiness.

Contraindications

No records.

Skin types

Normal, dry, oily, acneic and combination skin types.

Key ingredients

Retinoid, Eyedeline, Matrixyl, 3-O-Ethyl Ascorbic Acid, Collagen, Venuceane, A-G Hesperidin, Aldavine, A2 Blockers, Sambucus Flower Extract, L-Arginine.

Suggested applications: 8-12, based on the skin condition. This protocol can be combined with other protocols. It can also be applied either once preventively or as systematic treatment for the sensitive eye contour.

Session duration: 25 minutes

Repeatability: 2 times a week

Maintenance: Once per month

Step 1: Cleansing System

The main goal of cleansing is to remove impurities and makeup from the skin.

Micellar Cleansing Water

Using cotton pads, cleanse the skin of the eye contour area and face thoroughly with Micellar Cleansing Water.

(Duration: 3 minutes)

Step 2: Eye Exfoliating System

This step aims to exfoliate the skin of the delicate eye contour and stimulate the cellular renewal using enzymatic exfoliation without causing irritation. The choice of enzymatic exfoliation in the sensitive eye contour area offers a synergy of exfoliation without causing irritation, brightening effect and protection of the eyes.

Exfoliating Enzyme Mask (1.5g) & Exfoliating Enzyme Lotion (3ml) (eye contour area)

Apply Exfoliating Enzyme Mask (Papain, Bromelain, Kaolin) and Exfoliating Enzyme Lotion (L-Arginine) on the eye contour area. Use: Mix 1.5 g powder with 3ml lotion in a bowl to make paste and spread around the eyes with a soft brush.

(Duration: 7 minutes)

Remove the enzyme mask from the area around the eyes 7 minutes after its application.

(Duration: 7 minutes)

Step 3: Eye Protecting System

This step aims to activate the skin regeneration mechanism and restore skin damage (dark circles, puffiness, wrinkles) by following **2 stages**:

3a. Retinoid C Serum (0.5ml)

On dry, oil-free skin apply 0.5ml of Retinoid C Serum on the area around the eyes and allow it to be absorbed. (*Duration: 2 minutes*)

3b. Eye Shine Mask (1ml)

Apply 1ml Eye Shine Mask on the area around the eyes. Allow mask to be partially absorbed (5 minutes) and then massage for another 5 minutes. Rinse the mask with water. (*Duration: 10 minutes*)

(Total duration: 12 minutes)

Step 4: Eye Shine System

This step aims to combat the dark circles and puffiness of the sensitive eye contour with Eydeline & Matrixyl in synergy with the corresponding cream enhanced with fatty acids, in **2 stages**:

4a. Eye Shine Serum (0.5ml)

On dry, oil-free skin apply 0.5ml Eye Shine Serum on the eye contour and massage gently until absorbed. (*Duration: 2 minutes*)

4b. Eye Shine Cream (1ml)

Apply 1ml Eye Shine Cream on the eye contour and massage gently until it is absorbed. (*Duration: 1 minute*)

(Total duration: 3 minutes)

Step 6: Home Daily Regimen

Morning:

- Eye Shine Serum
- Eye Shine Cream

Night:

- Retinoid C Serum
- Eye Shine Cream

We strongly recommend the use of the home regimen products for at least two months.
